

April 5, 2012

The reason we approached Bob was the extraordinary transformation of our neighbor's home. One year with the exterior paint job and another remodeling the interior.

We hired Bob [2011] to upgrade our kitchen, dining room, living room, and garage. *Everything was done beautifully and in a timely manner. In addition, they worked in a way that allowed us to comfortably in our home during the construction.*

We look forward to working with Bob and his crew on a future project.
